An objective of this book is to discuss some of the contributions made by John Grote to philosophy. This work is an extension of a dissertation written for the doctorate at Boston University. The author wishes to acknowledge the invaluable assistance in many places to Professor Peter A. Bertocci and the late Professor Edgar S. Brightman both of whom read the entire manuscript in its original form. Also, the author acknowledges the encouraging interest and support of his wife, Helen, whose many suggestions have improved the writing and without whose assistance this work would not have been accomplished.
