Blinded By the Light: The Pure Power of Real salvation Dr Ollie B Fobbs Jr

This came to me one day at work, I heard the song coming through the system, and I began to sing along with the singer, saying BLINDED BY THE LIT UP LIGHT A VISION IN THE RUMOR OF THE NIGHT, BLINDED BY THE LIGHT, and then the words started to come at me, scripture, head lines, theory, and the body of the work, I was like, stop! I already have too much to do, I don't need anything else, and it continued on, and on, blinded by the light, blinded by the light, I was like okay fine! There are many things that I am compelled to write, and this is one of them, I am very, very, thankful that the Lord has given me the opportunity to set at ease my spirit, that I might be more obedient to what he wants, and not what I want to do. Blinded by the light is a writing about the power of real salvation, not how to achieve it, but, how to realize it, achievement is based on our will, and that has been the mystery of the great misconception about life, God makes it plain, man makes it hard. What then is the miracle of salvation? It is breaking free from the darkness of the world, and coming into a deeper realm of faith that can only be found in Christ the Lord, so then, why did I call this book, Blinded by the light? Did you know that if you stayed in total darkness for a systematical period of time, you will become permanently blind? It is very true, don't believe it, go into a room, turn off all the lights, and in the room outside that room, turn the lights on as bright as you can get them, stay in the dark room for about an hour, then walk out into the light, what will happen is that your eyes will hurt until you shade the light or until you dim the lights, the light will actually burn your eyes for a moment. To be blinded by the light is not in the format of coming from darkness to light, it is the light of darkness, the Bible says that the devil disguises himself as an angel of light, deceiving the whole world, so with that, the book of Revelation says that the number of them going to hell will be like the grains of sand on the beach front, so, at this point, we are expecting billions of people to wind up in hell, because they will refuse to be saved.
