## **Churchill and America** Martin Gilbert

Named Churchill's official biographer in 1968, renowned historian **Sir Martin Gilbert** has amassed exclusive archival and personal documentation to explore the statesman's famed affinity for and relationship with the United States. *Churchill and America* tells the intensely personal story of Winston Churchill's profound connection to America, which resulted in an Anglo-American alliance that has stood at the center of international relations for more than a century. Drawing on this extensive store of Churchill's own words - his private letters, his articles and speeches, and press conferences and interviews given to American journalists on his journeys throughout the United States -- Gilbert paints a rich portrait of the Anglo-American relationship, illuminated by its most famous proponent.
