Essential Thoreau CD: Excerpts From the Journal of Henry David Thoreau Henry David Thoreau

One Great Author. One Great CD.

"What are you doing now?" he asked. 'Do you keep a journal?' So I make my first entry today."

With these words, in response to prodding from Ralph Waldo Emerson, Henry David Thoreau embarked on a writing enterprise—his *Journal*—that occupied him continuously over the entire period of his literary career, from 1837 to 1862. In one sense Thoreau's *Journal* is his greatest achievement as a writer, the remarkable record of a remarkable man's view of the world. Ranging in topic from entries titled "Young Women at Parties" to "Sunlight after Storm", the *Journal* is neither diary nor autobiography in the usual meaning of these terms, because the daily chronicle and the narrative of outward events are minor aspects of this voluminous work. The *Journal* is clearly not the work of a diarist, but the notebook of a writer dedicated to the continuous practice of composition.
