Black and Tired: Essays on Race, Politics, Culture, and International Development

Anthony B. Bradley

Black and Tired: Essays on Race, Politics, Culture, and International Development Anthony B. Bradley African American scholar Anthony Bradley understands the growing interest in the intersections of theology and economics emerging in light of Christianity's commitment to loving the poor. Local and global disparities in human flourishing call for prudential judgments that wed good intentions with sound economic principles. This book tackles the issues of race, politics, contemporary culture, globalization, and education by wedding moral theology and economics. For readers who enjoy the writings of African-American intellectuals like Walter Williams and Thomas Sowell, this book will be a breath of fresh air in terms of economics and public policy but is unique because it also explicitly applies Christian moral teachings to today's global concerns.
