Escape from the Past: The Duke's Wrath Annette Oppenlander

When fifteen-year-old nerd and gamer Max Anderson thinks he's sneaking a preview of an unpublished video game, he doesn't realize that 1) He's been chosen as a beta, an experimental test player. 2) He's playing the ultimate history game, transporting him into the actual past: anywhere and anytime. And 3) Survival is optional: to return home he must decipher the game's rules and complete its missions—if he lives long enough. To fail means to stay in the past—forever. Now Max is trapped in medieval Germany, unprepared and clueless. It is 1471 and he quickly learns that being an outcast may cost him his head. Especially after rescuing a beautiful peasant girl from a deadly infection and thus provoking sinister wannabe Duke Ott. Overnight he is dragged into a hornets' nest of feuding lords who will stop at nothing to bring down the conjuring stranger in their midst.
