The universe is at war. Tyler Stone, a member of the elite guard of his people, has joined forces with his former enemies. Stone now knows that the current war has been manufactured to placate the need for more slaves—a move necessitated by the spread of a deadly virus that is killing off huge portions of human chattel. Complicating matters is the Saint, a leader who craves world domination. He begins to unite the planets through a religious doctrine, and its disciples are more than willing to throw themselves between a bullet and the Saint. Stone must confront his own heredity, loyalty, and destiny while he and his companions battle against forces from all sides to stay alive and sort out the truth in the world and in each other. Guns, swords, knives, and fists are the tools of the trade here, and fans of military science fiction and action/adventure in general will enjoy this slam-bang escapade played out on distant worlds.
