More than 500 crisp photographs portray a diverse set of models in 100 poses—ranging from the classical to the everyday—and show the positions from a variety of angles, including overhead. Exquisitely detailed photos of particular body parts and precise lighting reveal otherwise hidden areas of the models while providing rich shadowing and tone. The inspiring photographs in this collection are ideal for both students and more advanced artists who are looking for material to supplement a live model class or to hone their skills from the comfort of home.
