These stories are worth an all-nighter and a steaming cup of tea. *Shoulder Bones* is a collection of short stories that dive into and out of the conscious and unconscious, into and out of reality. A girl jumps on a trampoline and gets stuck in midair. Debut author Sellers has a voice that is a touch of Faulkner and a dash Austen, deeply rooted in the sounds, spirit, and heart of a southern childhood. This is a collection of stories that have the fantastical dimension of the original Peter Pan or Harry Potter, but the adult thematic depth of Augusten Burroughs. Sellers writes with the freshness of youth, but out of the fear of childhood. She spills her inky blood onto the pages of this debut collection with a not-quite-sweet prose that is at once feminist and normal, vivid and average, wild-eyed and honeysuckle sweet. This collection of stories represents the best and the worst in each of us, and the fanciful, fantastic escape that the squeeze of reality can bring.
