Using a new language of energy based on the ancient “four elements” and in harmony with that used by the more advanced healing arts, renowned author Stephen Arroyo here explores how astrology as a language of energy can be astoundingly accurate and useful in illuminating individuals’ energy exchange in all close relationships. The preface, author’s note, introduction, and early chapters of *Person-to-Person Astrology* lay the groundwork for serious consideration of astrology as a significant discipline. The following chapters detail the influence of the four elements—Fire, Earth, Water, Air—on the 12 signs, with a particular emphasis on the rising sign (Ascendant). The author shows readers how to experiment by comparing birth charts, and explains, through detailed descriptions, people’s psychological motivations and needs based on the positions of their Moon, Venus, and Mars. Appendices include astrological definitions, keywords, and sign tables that allow readers quick access to the basics. Written in the author’s trademark clear, accessible style, *Person-to-Person Astrology* presents a new approach to finding fulfillment in any kind of relationship.
