For the Love of Horses: An Animal Communicator's Guide to Helping Our Horses and Healing Our Lives Heather Green

Have you ever wondered what your animals are thinking? Have you wanted to find a way to communicate and connect with them to improve their health and behavior, and your relationship with them? Heather Green learned early in life that she could sense what the people around her were thinking, feeling, and experiencing. This led her into the healing professions; first a nurse, and later a counselor. But something always seemed to be missing. Then the horses came. And all the pieces fell into place. For the Love of Horses is a book for horse people, animal and nature lovers, healers, counselors, and those on a path of healing and spiritual transformation. Riders will learn how to enhance their partnership with their horses, healers will gain a new view of what it means to be there for their clients, people with wounds they never thought could mend will find hope. Green takes the reader on a journey shrouded in mystery, destined for clarity and wholeness. Part memoir, part inspirational coaching, part instruction manual, this book tells the story of one woman's discovery of her life's mission. Those whose stories interwove with hers along the way come to life in these pages. The horses can be heard. And the promise of this book is that the world can change and thrive.
