Eyeball to Eyeball (An Alternate Cuban Missile Crisis series Book 1) Douglas Niles

The Cuban Missile Crisis could have meant the end of the world. Instead, rational leaders managed to maintain control of their powerful militaries, and Fortune smiled on a number of potentially disastrous situations. Through patience, diplomacy—and very much good luck—disaster was diverted. But what if something had gone wrong? *Eyeball to Eyeball* is the first book in a speculative history series that examines this question by making one fictional modification to actual events. The ensuing story presents a world hurtling toward the precipice, with the possibility of annihilation resting in the arms of forces greater than mere human will. Is this, as President John F. Kennedy feared, the “Final Failure”?

The Enjoyable agreement here cannot be questionable, similar to treasuring beautiful island. Use you still want to miss this? Find this book and read it from right now!

Kathleen Blackwood:

As a university student exactly feel bored in order to reading. If their teacher asked them to go to the library or even make summary for some publication, they are complained. Just very little students that has reading's heart and soul or real their pastime. They just do what the educator want, like asked to the library. They go to presently there but nothing reading significantly. Any students feel that looking at is not important, boring and also can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important for you. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, many

ways to reach Chinese's country. Therefore , this Eyeball to Eyeball (An Alternate Cuban Missile Crisis series Book 1) can make you really feel more interested to read.
