## Bert Kaempfert Strangers in the Night

This is a fantastic recording by Bert Kaempfert & his Orchestra arguably one of their best a must have for any fan or collector. The vinyl is in great condition the cover is also in great condition has some slight age wear but is solid and all original as issued in 1966, all in all a well preserved classic. This album has always been played on my Thorens TD 166 MK II turntable with a DynaVector 10X2 MC cartridge, with that having been said, they are used and have been played and are not cosmetically perfect and some have had other owners however they are from my personal collection and have been taken care of as long as I have owned them
