Jacobus de Voragine

The Golden Legend: Lives of the Saints: Volume 2 (2 Volumes) Jacobus de Voragine

AMONG THE BOOKS which afford us an insight into the popular religious thought of the middle ages, none holds a more important place than the *Legenda Aurea* or Golden Legend. The book was compiled and put into form about the year 1275 by Jacobus de Voragine, Archbishop of Genoa, who laid under contribution for his purpose the *Lives of the Fathers* by S. Jerome, the *Ecclesiastical History* of Eusebius, and other books of a like kind; while for the lives of the saints more nearly approaching his own age he appears to have industriously collected such legends as he could meet with, whether in manuscript or handed down by oral tradition.
