APhA's *Complete Review for the Pharmacy Technician* is ideal for students entering formal technician programs, for new community and hospital pharmacy technicians beginning in-house training, and for candidates preparing for the national Pharmacy Technician Certification Board (PTCB) examination. Color medical illustrations and photographs make the contents easier to read and understand, and forms and tables make key information easy to find. This manual focuses on the tasks that technicians actually perform. Using the most recent Content Outline of the PTCB, the text covers the responsibilities and knowledge that PTCB tests for on its certification examination.

Calculation exercises reinforce learning.

Forms and tables collect important information for easy reference.

Color illustrations make the text reader friendly.

Appendices refer readers to chapters in the book that correspond to the information tested on the PTCB examination.
