The Cambridge Companion to Hegel and Nineteenth-Century Philosophy (Cambridge Companions to Philosophy)

The Cambridge Companion to Hegel and Nineteenth-Century Philosophy (Cambridge Companions to Philosophy)

The Cambridge Companion to Hegel and Nineteenth-Century Philosophy examines Hegel within his broader historical and philosophical contexts. Covering all major aspects of Hegel's philosophy, the volume provides an introduction to his logic, epistemology, philosophy of mind, social and political philosophy, philosophy of nature and aesthetics. It includes essays by an internationally recognized team of Hegel scholars. The volume begins with Terry Pinkard's article on Hegel's life, a conspectus of his biography on Hegel. It also explores some new topics much neglected in Hegel scholarship: such as Hegel's hermeneutics and relationship to mysticism. Aimed at students and scholars of Hegel, this volume will be essential reading for anyone interested in nineteenth-century philosophy. The up-to-date bibliography includes the most important English-language literature on Hegel written in the last fifteen years.
