Z Walkers: Collin - Episode 1 Luke Shephard
The first episode of the Z Walkers series!

Collin thought this would be an in and out operation: break in to a poorly locked house while the family is on vacation, then slip out with their cash and jewelry. It should take him a few hours, tops, and he can't wait to take out the girl who caught his eye in style with his new score.

Little does he know that getting in will be a whole hell of a lot easier than getting out.

Midway through his heist, the screaming starts. A quick look out the window confirms it: zombies have hit idyllic suburbia. Years of playing post-apocalyptic video games should have prepared him for this, but nothing could have ever taught him how to react when the cannibalistic hordes descend.

Barricaded inside, he faces two options: starve in the house he tried to rob, or make a run for it on streets crawling with zombies.

Can he make it to safety before it's too late? Or will he end up just like the other zombies beginning to fill the streets only one thing on their mind...

NOTE: This is the first episode of Z Walkers, a serial novel. There will be cliffhangers, and Zombies, from one installment to the next. Read at your own risk...or delight.

SLADE: A SURVIVAL MEMOIR

When disaster struck, Slade Thompson chose to stay behind during the evacuations. Being a hobby prepper, he was certain he had enough supplies to last at least a year, besides, everyone would be back in a few weeks, right?

Weeks have turned to months, and Slade is left with no idea why the people (and electricity) have failed to return. Dealing with his lack of supplies is quickly becoming an issue, and Slade is forced to venture out of the safety of his home in search of some.

What happens when he goes beyond the safe borders of his yard? Is he really as safe as he'd thought? How does Slade react when his neighborhood and home are threatened by raiders?

FACT AND FICTION: A SURVIVAL NOVEL

After a disaster that wiped out the East Coast, a vegetarian survivalist fiction writer and his family retire to the shores of a local lake to wait out the anarchy before the relief effort. The fiction he wrote becomes his reality as he relies on his books to give him the knowledge he needs to build, hunt, and survive in this new and foreign world.

Will they survive the oncoming winter?
