**Chemistry: An Atoms-Focused Approach** Thomas R. Gilbert, Rein V. Kirss, Natalie Foster

**More than atoms first?atoms focused.**

The authors, who have more than two decades of combined experience teaching an atoms-first course, have gone beyond reorganizing the topics. They emphasize the particulate nature of matter throughout the book in the text, art, and problems, while placing the chemistry in a biological, environmental, or geological context. The authors use a consistent problem-solving model and provide students with ample opportunities to practice.
