The Thresholds of Intention: Crossing from Dreaming to Awakening Helen Vandeman

Most of us have a belief that there is something missing in us, but our longing has not been gratified by any of our pursuits. To find fulfillment, says author, Helen Vandeman, we must surrender everything we believe about reality, about life, and most definitely about ourselves. Our willingness will take us across several thresholds until we finally recognize that only peace and happiness can fill our emptiness. Advanced praise for *The Thresholds of Intention*: "As all the great wisdom traditions have understood, there is a place in which we discover a magical way to be in the world in which perfection announces itself as simply the way things are—nothing to do on our part, nothing that we need make happen. The key is being, not doing. Helen Vandeman knows this place, and in *The Thresholds of Intention* guides her readers there." Larry Dossey, MD, author *Healing Beyond the Body*, *Reinventing Medicine*, and *Healing Words: The Power of Prayer and the Practice of Medicine*
