Annie's Room Amy Cross

1945 and 2015. Seventy years apart, two girls named Annie move into the same room of the same remote house. Their stories are very different, but tragedy is about to bring them crashing together.

Annie Riley has just broken both her legs. Unable to leave bed, she's holed up in her new room and completely reliant upon her family for company. She's also the first to notice a series of strange noises in the house, but her parents and brother think she's just letting her imagination run overtime. And then, one night, dark forces start to make their presence more keenly felt, leading to a horrific discovery...

Seventy years ago, Annie Garrett lived in the same house with her parents. This Annie, however, was very different. Bitter and vindictive and hopelessly devoted to her father, she developed a passionate hatred for her mother. History records that Annie eventually disappeared while her parents were executed for her murder, but what really happened to Annie Garrett, and is her ghost still haunting the house to this day?

Annie's Room is the story of two girls whose lives just happened to be thrown together by an unlikely set of circumstances, and of a potent evil that blossomed in one soul and then threatened to consume another.
