## Chalice of God: A Systematic Theology in Outline Aidan Nichols OP

Over the course of a distinguished theological career, Aidan Nichols has produced an array of masterful contributions to the fields of systematic theology, ecclesiology, theological aesthetics, ecumenism, liturgy, and Scripture. Now, in *Chalice of God*, he attempts to synthesize a lifetime of research, teaching, and scholarly reflection in a book that is both rigorously academic and intensely personal. This is Nichols' theological manifesto for the twenty-first century.

Drawing together the insights of high scholasticism, the mid-twentieth-century *ressourcement* movement, a holistic reading of Scripture typical of the best patristic exegesis, and the liturgical tradition and iconography of both East and West, he presents a sound architecture for contemporary Catholic theology. *Chalice of God* promises to enrich and challenge those who engage in the enterprise of theology for years to come.
