**ALERT:** Before you purchase, check with your instructor or review your course syllabus to ensure that you **select the correct ISBN**. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, **you may need a CourseID**, provided by your instructor, to register for and use Pearson's MyLab & Mastering products.

### Packages

Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase.

### Used or rental books

If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code.

### Access codes

Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase.

*Mathematics for Business* provides practical, up-to-date coverage of the mathematical techniques students must master to succeed in business today. Covering more algebra than competing books, it looks at a range of topics such as payroll records, inflation and the time value of money, range and standard deviation and index numbers. Examples and problems relate to real world events and personal finance issues so material is relevant to students. This tenth edition is supported by *MyMathLab*, includes over 150 new problems, uses Apple as a case study illustration, and addresses the global financial crisis and personal debt.
