Marypaul Yates

**Textiles: A Handbook for Designers (Revised Edition)** Marypaul Yates

**Practical information usually gained only through years of work experience and word of mouth is presented in this handbook for textile designers, students, interior designers and others who use textiles in their work.**

*Textiles: A Handbook for Designers* is a thorough study of the textile industry and the design processes and techniques used by professionals. With an overview of the textile industry and a thorough explanation of the designer's role, the text encourages adaptation of any design expertise into the processes, techniques, and formats characteristic of the textile industry.

*Textiles* is a compilation of information obtained from many different designers. Because each designer may work for years within only one segment of the market, this comprehensive view of studio practices throughout the industry should be meaningful even to practicing professionals. An indispensable reference work for artists who aspire to work with textile design as well as for professionals in the textile industry and related fields of interior and apparel design, the revised edition of *Textiles* covers the most recent developments as well as traditional practices.

252 illustrations, 40 four-color photographs

#### **Lauren Zavala:**

As a student exactly feel bored to help reading. If their teacher requested them to go to the library in order to make summary for some publication, they are complained. Just very little students that has reading's spirit or real their hobby. They just do what the instructor want, like asked to the library. They go to generally there

but nothing reading seriously. Any students feel that reading is not important, boring as well as can't see colorful pics on there. Yeah, it is to become complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. So , this Textiles: A Handbook for Designers (Revised Edition) can make you really feel more interested to read.
