God and the Between (Illuminations: Theory & Religion) William Desmond

An original work which rethinks the question of God in a constructive spirit, drawing its conclusions by considering ideas received from both philosophy and religion.

- Makes an important new contribution to the ongoing scholarly debates surrounding the intersection of philosophy and religion
- Suggests that this junction is not just dictated by religion having to prove its credentials to rational philosophy, but that it is also a matter of philosophy wondering if religion is the ultimate partner in dialogue
- Includes discussion of a wide range of significant thinkers, both traditional and contemporary, such as Plotinus, Spinoza, Kant, Hegel, and Nietzsche and his successors
- Completes a trilogy of works by William Desmond, complementing its companion volumes, *Being and the Between* and *Ethics and the Between*.
