The Alpha Promise

The Alpha Promise Hayat Ali

Wonderfully sublime and altogether sexy, *The Alpha Promise* by Hayat Ali reinvigorates the tired genre of vampire tales. While the enticing action and bloodletting remains, this debut novel takes a smart look at the undead—their legions and their way of life. It is not at all as simple and unplanned as one might imagine. Vampires have a method, and even in a modern day London, the undead still have a high prince who ubiquitously rules over all the creatures of the night just as he has for centuries. Jin is the most recent prince due to be crowned; he has been groomed for an entire lifetime. Poised to take his rightful place, a dissenting tribe tries to assassinate him and if it wasn't for the unwitting energies of a compassionate stranger—an American woman named Adina Carr—the tribe would have succeeded. What follows is an erotic and mesmerizing adventure, a fight for survival and, ultimately, a love story.
