A critical reading of Barbara Kingsolver's book, Flight Behavior, from a Unitarian Universalist's perspective explores the topics that Flight Behavior covers: climate change, stagnating marriages, fears for the future of the children we desperately love, the role of science in society, the role of ethics in society, the dynamics of extended family life, cultural differences of region and class, infidelity, the importance of friendship, and the role of religion in our contemporary society. Whew! This is not beach book, but a critical reading of a novel of substance, depth, grace and challenge. It is not necessary to have read Flight Behavior to enjoy and profit from this book.
