Are you not getting the kind of response you would like from women online? Do women sometimes suddenly stop replying to your messages or ignore your message all together? Or are you only just thinking about getting into the world of online dating? If you answered yes to any of these questions then you need to read this book right now!

With the amount of other men out there on dating sites and the level of competition being very high, it can be hard for us to get noticed. Luckily this amazing, tip filled book by Leo Turati is just what those of us who aren't getting as much success as we would like have been looking for.

If you don't understand exactly what women want from the men they are talking to online and how their minds work, then you probably won't get nearly as many replies as you want. Let alone anything that develops into a date. Even then, the girls you will be meeting probably won't be the pick of the bunch. Leo not only teaches us all of this but he actually explains how to get girls to message you first. He also tells us how to supplement this by sending engaging opening messages that will get you replies and even how to revive a conversation that has completely died when the woman has stopped replying in a very simple way. Then there is also information on taking and choosing the most effective photos, editing your bio to make girls instantly take notice and draw them in so that they want to find out about you and much more.

Don't miss out on the women who you would never get the chance to meet if you hadn't read this book and implemented the tips and advice it gives us.
